

Report Name: *ESY Report*

Purpose: To review the ESY decision for individual students or a group of students with closed IEP's with goals.

Includes: *Student Name; Local ID; Date of Birth; Residence County; Residence School; Service County; Service School; Disability; Race; Current Grade; IEP Date; Gender; ESY Decision.*

Tip: The search will only yield results for resident and service schools to which the user is assigned.

Note: If the service county and school, as well as, the Resident County and school criteria are selected, the reporting tool will yield a smaller, more specific set of results. Selecting the resident county will produce a report of students within the selected county regardless of Service County. Selecting the service county will produce a report of students within the selected county regardless of Resident County.

1. Choose the **Reports** button from any screen in the Maryland Online IEP.
2. From the list of available reports, click on **ESY Report**.

Note: A resident county must be chosen to select a resident school (along with a designation of private or public), the same applies when choosing a service county and school. A grade can be chosen independent of resident county/school or service county/school.

Run Report

- After the criteria are selected, a listing of students will appear below the Show Students button.

Note: Once all reporting criteria have been chosen, the user may choose to run the results by individual student or all students who meet the selected criteria.

- Choose which student or students will be included in the progress report by clicking on the square check box next to the desired student's name.
- Or to choose all students, click the **Select All** button.
- Click the **Run Report** button.
